## DIRECTORS' REPORT

11 - 1901

To the Members of the Underwriters' Fire Patrol of San Francisco:

The Board of Directors of the Underwriters' Fire Patrol beg to submit herewith their Report for the year ending December 31, 1907.

During the past year the Patrol has continued to maintain its two stations, Nos. 3 and 4, as heretofore.

An automobile capable of carrying four men, together with a supply of covers, was placed in commission at No. 3 House during the year, to cover principally the outlaying districts. This was deemed a very wise precaution, inasmuch as the patrol wagon had been covering a territory as far out as First Avenue, and occasion might arise when the patrol, being in service outside, would be unable to respond to an alarm for fire in the congested sections of either Van Ness Avenue or Fillmore Street.

The rapid re-building of the downtown section rendered it necessary to consider the question of re-establishing Patrol House No. 1, and at a meeting of the members of the Patrol, held on November 13, 1907, it was unanimously decided, on the recommendation of the Directors, that the Patrol purchase a lot and erect a building thereon. For that purpose a piece of property was secured on Natoma Street, between New Montgomery and Third Streets, at a cost of \$12,000, and the Directors will proceed shortly with the erection of a building thereon, to cost not to exceed \$30,000.

At the close of the year, the Patrol had on hand a surplus, after paying for the lot, of over \$12,000, and it is reasonably expected with ordinary assessments, to cover the cost of the building. The present large premium income from this city should render the cost to the companies a comparatively moderate one, and a profitable investment for the Patrol.

In view of the adoption at the last election of a Constitutional Amendment increasing the salaries of the Fire Department in this city, it was found advisable on the part of your Directors to recognize the very efficient work done by the members of the Patrol corps by an increase in salaries, grading the payments according to the term of service.

The Directors take this opportunity to acknowledge, with thanks, the assistance rendered the Patrol by the officials of the various departments of the Municipal Government.

Very respectfully submitted,

4

## SUPERINTENDENT'S REPORT

---

SAN FRANCISCO, January 1, 1908

*To the Board of Directors of the  
Underwriters' Fire Patrol of San Francisco:*

GENTLEMEN:—I take pleasure in presenting to you the Thirty-third Annual Report of the Underwriters' Fire Patrol of San Francisco. You will find embodied in the following pages all the data I have gathered during the year.

I wish to thank the Board of Directors for the great interest they have shown in the behalf of the service;

Chief Shaughnessy and the Battalion's Chiefs, and the Department as a whole for assistance rendered;

Chief Hewitt and his assistants of the Fire Alarm Service for courtesies shown to this Department;

The Police Department for assistance rendered;

Chief Porter of the Inspection Bureau, Fire Marshal Towe, and to any who have assisted the Fire Patrol, I return thanks.

I wish to thank Mrs. F. Porter for books donated.

Respectfully submitted,

J. F. O. COMSTOCK,

*Superintendent Underwriters' Fire Patrol  
of San Francisco.*

## DIRECTORS' REPORT

---

*To the Members of the Underwriters' Fire Patrol of San Francisco:*

Your Board of Directors beg to submit herewith a Report for the year ending December 31st, 1908.

The most important transaction during this period has been the erection and completion of the new Headquarters House, situated No. 147 Natoma Street. As shown in last year's Report, a lot 40 by 80 feet at the above location had been purchased for \$12,000 and authorization given by the Patrol for the erection of a building to cost not to exceed \$30,000. The building was completed at a cost of \$29,980, this amount including the boring of a 165-foot well, and Patrol No. 1 was placed in service on November 2d, 1908.

Every care was exercised in the expenditure of Patrol funds while looking to it that the fullest efficiency of the service should be obtained, and the Directors believe that the Station will rank with any of the Patrol Stations in the United States.

A full statement of the expenditures will be found embodied in the Treasurer's Report.

With the Headquarters Station in service the Directors believed that a greater efficiency would be secured by the consolidation of Stations 3 and 4. Accordingly, the lease of the latter has been annulled, and when the abrogation of the lease for No. 3 Station is secured, Patrols 3 and 4 will be amalgamated. In the meantime, Patrol No. 4 is temporarily located at No. 180 Oak Street, near which location it is hoped the consolidated Station can be finally placed. As part of the general scheme, the Directors have entered into a lease for premises on the north line of Pacific Street, between Jones and Leavenworth, and a building is now being erected by the owner of the property for the use of Station to be known as No. 2.

On the final completion of these proposed changes and the occupation of Station No. 2, the Patrol will have in service three Stations with five wagons:

Headquarters, Wagons 1 and 5, Natoma and New Montgomery;

No. 2, Pacific Street, between Jones and Leavenworth;

Nos. 3 and 4, near Market and Gough.

By these changes, Superintendent Comstock states that important sections of the city can more easily be covered by the wagons and that they will be more helpful to each other should occasion require the use of more than one wagon.

The Directors desire here to officially announce the death of Mr. G. W. Spencer, for many years a member of the Board, which occurred on April 2d, 1908. By his death the Patrol has lost one of its most valuable workers and the Directors an able advisor.

In closing, the Directors wish to acknowledge with thanks the many courtesies and assistance rendered the Patrol by the officials of the various departments of the Municipality.

Very respectfully submitted,

<i>Directors</i>	BERNARD FAYMONVILLE, President C. MASON KINNE, Vice-President CLINTON FOLGER, Secretary and Treasurer C. A. HENRY F. J. DEVLIN WHITNEY PALACHE E. C. MORRISON

## SUPERINTENDENT'S REPORT

---

SAN FRANCISCO, January 1, 1909.

*To the Board of Directors of the  
Underwriters' Fire Patrol of San Francisco.*

GENTLEMEN:—Another year having passed away, I present the Thirty-fourth Annual Report of the Underwriters' Fire Patrol of San Francisco. On the first of November, 1908, Number One Station Headquarters went into commission. Building and lot owned by the corporation. Fitted up for prompt service and for comfort, I do not think it has an equal in the United States for the purposes it was erected for; for which to you I return thanks. To the Building Committee appointed Col. Mason Kinne, F. J. Devlin, and Carl Henry, for their untiring efforts to secure the best results, and the Board of Directors for their co-operation. Too much cannot be said of the work performed by them.

You will find embodied in the following pages all the data I have gathered during the year.

To Chief Shaughnessy and the Battalion Chiefs and the Department as a whole I return thanks.

I would mention had it not been for the prompt action of the Fire Department through the Chief, at my request, in stores confined in flimsy frame structures, in furnishing a stream, to protect our covers, we would have lost quite a number.

To the Fire Alarm Service for courtesies shown this Department;  
To Fire Marshal Towe for presentation of a flag for the new station;  
To the Police Department for assistance rendered;  
To Chief Porter of the Inspection Bureau;  
To the Auxiliary Fire Alarm and to any who have assisted the Underwriters' Fire Patrol I return thanks.

To Mrs. F. Porter for books donated.

To E. B. Mayer for ink stand and ink wells. All of which is

Respectfully submitted,

J. F. O. COMSTOCK,  
*Superintendent Underwriters' Fire Patrol,  
San Francisco.*

At a meeting of the Underwriters' Fire Patrol of San Francisco, held April 15th, 1908, the following resolutions were unanimously adopted; and thereupon the Board adjourned in honor of our late member, Mr. George W. Spencer:

The final closing of any earthly career of practical manhood is always fraught with thoughts of the past, regretful that no longer can be continued the pleasant companionship with one whom we have loved and respected, so it

**GEORGE WILLIG SPENCER**  
Born 1843. Died 1908

becomes proper for us at this time to make some respectful recognition in the way of reverence to the memory of a good man, who, in obedience to the inexorable laws of Nature, has passed from among us.

Yet the example of a well-spent life can somewhat reconcile us to its ending, and it is a somber recompense to a friend that we can place on our records a recognition of the value of a useful and exemplary existence.

George Willig Spencer was born in Philadelphia, September 17, 1843, but he passed his boyhood days and received his education in New London, Conn. In 1859 he returned to Philadelphia, and, at the age of 18, in 1861, he felt the call of patriotic duty and enlisted in the 15th Pa. Cav., in which he served until the close of the Civil War.

As private, corporal, sergeant, and color-sergeant in his regiment, he was with the Army of the Cumberland and participated in the battles of Stone River, Chattanooga, Missionary Ridge, Chickamauga, the Atlanta Campaign, Franklin, Nashville, and the pursuit of Hood's army.

Through his own record he was entitled to become a Comrade of the Grand Army of the Republic, and as such he died, being a member of Thomas Post of this city. Through his only brother, Thomas Star Spencer, lieutenant commander U. S. Navy, he was eligible to membership in the Military Order of the Loyal Legion of the U. S., of which he became a companion in 1889, and was made Commander of the California Commandery in 1903.

After his return to civil life, he was engaged in business in Philadelphia until 1868, when he came to California and entered the office of the Aetna Insurance Company in San Francisco. For twelve years he was with that office, and in 1880 became the manager of the insurance department of Balfour, Guthrie & Co., and, after 16 years' service in that capacity, he was appointed in 1896 a general agent of the Aetna Insurance Company in connection with Mr. George C. Boardman, which position he held until his death, on April 2, 1908.

In his career as an underwriter of nearly 40 years he has filled many important positions in the Board of Fire Underwriters, and in 1891 was made a director of the Underwriters' Fire Patrol and served continuously since that date.

He was one of the veterans in the fire underwriting business in California, and, as one of the managers of the Aetna Insurance Company, his relations with his confreres as a member of the Board of Fire Underwriters, and with the other offices separately, were always most cordial, his good judgment, tactful demeanor, and wise counsel being sought for and listened to with respect and confidence.

He was usually right in his opinions, which were ever put forward forcibly, with no lurking hypocrisy. We always knew just where he stood, and, if convinced that he was in error, he admitted the fact ungrudgingly.

As a member of the Fire Patrol his thoughtful counsel was sought for and cheerfully given. He was a competent, careful, and cheerful worker with us in everything that pertained to the best interests of this adjunct to the fire department and the underwriting fraternity.

We shall miss him greatly and always deplore his absence from our meetings. His memory will ever be a living reminder of our duties to which he was always so faithful.

Regardless of the future, a life well lived is a compliment to ancestry and a legacy to posterity, so when a consistent gentleman, an intellectual personality, and a man such as Mr. Spencer passes from among us, the members of this board, as well as those of the community in which he lived, must feel that, owing partly to his influence, he has left this world better than he found it.

And now, as an unpretentious, yet permanent evidence of our appreciation of the worth of our fellow member, be it

*Resolved:* That in the sudden death of Mr. Spencer there has been removed from among us one who has endeared himself to all through the sterling qualities of his character, and who was respected and loved because of his cheerful disposition, his strong individuality, his integrity and faithfulness in the performance of every duty, his keen sense of right and justice and his helpful assistance to those who came for advice and counsel.

*Resolved:* That the Underwriters' Fire Patrol of San Francisco does deeply deplore the loss of one so long connected with its organization, and that we do hereby bear tribute to his ability and usefulness and particularly to his loyalty and devoted interest to all that pertained to the needs and welfare of our corporation.

*Resolved:* That our heartfelt sympathy and condolence be extended to his widow and son, and to the many friends of our late co-worker.

*Resolved:* That the Secretary place this Memorial upon our records, and that a properly authenticated copy of the same be forwarded to the widow of our late associate.

C. MASON KINNE, *Chairman,*  
FRANK J. DEVLIN,  
WHITNEY PALACHE.

## DIRECTORS' REPORT

---

*To the Members of the Underwriters' Fire Patrol of San Francisco:*

The Board of Directors of the Underwriters' Fire Patrol beg to submit herewith their report for the year ending December 31st, 1909.

During the year just past the Patrol installed No. 3 House on Pacific Street, between Leavenworth and Hyde Streets, and immediately after the commencement of 1910, with a view of still greater efficiency, will move Patrol wagons Nos. 2 and 4 into a new Station on Waller Street, between Octavia and Laguna Streets. These changes are in line with the Directors' Report submitted to you last year.

No. 3 Patrol is housed in a semi-fireproof building on Pacific Street, in a location which enables it to respond promptly and easily to alarms either in Chinatown or the Foreign Quarter to the North; the Pacific Avenue dwelling district and that section lying adjacent to Nob Hill, which has shown so much growth since the Fire.

Nos. 2 and 4 Patrols will be housed in a reinforced concrete building, properly equipped in every way, and the consolidation of the two Patrols will lead to certain economies in management, as well as a larger efficiency of service.

The premises formerly occupied by Patrol Station No. 3 have, with the consent of the owner, been sub-let by the Patrol until such time as our lease expires.

The Directors wish to take this opportunity to acknowledge with thanks the many courtesies extended the Patrol by the officials of the various departments of the Municipal Government.

Very respectfully submitted,

Directors      { BERNARD FAYMONVILLE, President  
                  { C. MASON KINNE, Vice-President  
                  { CLINTON FOLGER, Secretary and Treasurer  
                  { E. C. MORRISON

## SUPERINTENDENT'S REPORT

---

SAN FRANCISCO, January 1, 1910.

*To the Board of Directors of the  
Underwriters' Fire Patrol of San Francisco.*

GENTLEMEN:—I take pleasure in presenting the Thirty-fifth Annual Report of the Underwriters' Fire Patrol of San Francisco. Number Three Station has been installed at 1350 Pacific Avenue, between Leavenworth and Hyde Streets, and covers the greater part of the Northern Section of the city. Number Two and Four wagons are installed in quarters, 55 Waller Street, between Octavia and Laguna Streets, and will cover the Mission District, Park District, and north of Market, connecting with Three Wagons District. Upper Market Street connecting with One and Five Wagons District, Headquarters. And so arranged that if required in the down-town district can answer promptly.

I would recommend in the near future that the question on installing Automobile Wagons be looked into. They would be of great service in the Waller Street house in covering the Mission District and Park District. They are not new in our branch of the service. Boston, Chicago, St. Louis, Louisville, and Newark have them in use and from information at hand the Superintendents in the cities where they are installed speak in the highest terms of their efficiency.

The data collected you will find embodied in the following pages.

The Force and Apparatus are in good working order. Discipline has been strictly maintained.

To Chief Shaughnessy, the Battalion Chiefs and the Department as a whole for assistance rendered.

To Mr. Nixon of the Fire Alarm Service and his assistants for courtesies shown this Department.

Chief Cook and the Police Department as a whole for assistance rendered.

Mr. Porter of the Inspection Bureau. Fire Marshal Towe. The Auxiliary Fire Alarm and to any who have assisted the Underwriters' Fire Patrol I return thanks.

Respectfully submitted,

J. F. O. COMSTOCK,

*Superintendent Underwriters' Fire Patrol,  
of San Francisco.*

## DIRECTORS' REPORT

---

*To the Members of the Underwriters' Fire Patrol of San Francisco:*

Your Board begs to submit hereunder its report for the year ended December 31, 1910.

As announced in last year's report, Stations Nos. 2 and 4 were installed in the early part of the year in the reinforced concrete building on Waller Street. The combining of these two stations has, as anticipated, proved economical and given increased efficiency.

After serious consideration by the Board it was believed advisable to replace gradually horse-drawn vehicles by automobile patrol wagons, similar to many already in use in the East, and at the semi-annual meeting of the Patrol Members there was authorized the collection of a sufficient additional sum with which to purchase one such patrol wagon. The contract for its construction has been let and it is anticipated that this wagon will be put into service about next February, when it will be installed in the Waller Street House. Its cost and efficiency of operation will be carefully noted as a basis for future action.

The Directors at this time take pleasure in reporting the high state of efficiency of the Patrol Service as a whole, and desire to acknowledge with thanks the very many courtesies extended to the Service by the officials of the various municipal departments.

Very respectfully submitted,

*Directors*      { BERNARD FAYMONVILLE, *President*  
                  C. MASON KINNE, *Vice-President*  
                  CLINTON FOLGER, *Secretary and Treasurer*

## SUPERINTENDENT'S REPORT

---

SAN FRANCISCO, January 1st, 1911.

TO THE BOARD OF DIRECTORS OF THE  
UNDERWRITERS' FIRE PATROL OF SAN FRANCISCO.

GENTLEMEN:—I have the honor of presenting the Thirty-sixth Annual Report of the Underwriters' Fire Patrol of San Francisco for the year ending December 31st, 1910. You will find embodied in the following pages all of the data that I have collected appertaining to fires that have occurred in this City and County. I wish to thank the Board of Directors for their untiring efforts in behalf of the service. The Force is in good working order. Apparatus and Houses are in good condition. Discipline has been strictly maintained. I would state that in February of 1911 there will be an American La France Automobile Wagon installed in place of one of the horse-drawn Service Wagons, and I know that it will add to the efficiency of the Service. I would recommend that during the year another Machine be installed.

Before closing I wish to thank Chief T. J. Murphy, Chief J. Seymour and their Departments as a whole, for assistance rendered. Fire Marshal Towe, Chief Inspector Porter, of the Inspection Bureau, Chief W. H. Urmy of the Department of Electricity, Pacific and Home Telephone Companies, Auxiliary Fire Alarm, and to any who have assisted the Underwriters' Fire Patrol I return thanks.

Respectfully submitted,

J. F. O. COMSTOCK,  
Superintendent Underwriters' Fire Patrol.
